

SEND POLICY

DATE PALM STATEMENT of INTENT

At Date Palm our vision is for the School to ensure our pupils grow like a Date Palm tree – with **strong foundations, lofty branches and produce fresh fruit:**

- ✓ To build **Strong Foundations for Character Development** that:
Instil values; inspire each pupil; display best manners.
- ✓ To have **Lofty Branches of Educational Excellence** that will:
Provide a broad and varied range of experiences and learning opportunities;
help each pupil progress and develop in all aspects; support their skills and talents.
- ✓ To produce **Fresh Fruit that provides services to their Communities** in order to:
Become responsible and confident citizens; make a positive difference;
commit to charitable endeavours; become effective contributors towards Britain's future.

SEND VISION

At Date Palm we recognise that each child is unique with his or her own personal talents, experiences, learning styles and should be valued for who they are. We are committed to provide an inclusive environment where all children with SEND are included in the curriculum, have resources, and education that promotes their intellectual and personal development. Our vision is to reduce barriers to learning and making change for the good of all students by celebrating and appreciating their ambitions, potential and progress.

Building foundations for life

SEND Policy

Building foundations for life

The SEND policy reflects the principles of the 2014 Code of Practice.

This policy is written in line with the requirements of:-

- Part 3 of the Children and Families Act 2014.
- SEND Code of Practice September 2015.
- The Special Educational Needs and Disability Regulations 2014
- The SEND Information report regulations 2014.
- The General Data Protection Regulation 2016 (GDPR)
- Teachers standards 2012

Definition of Special Educational Needs (SEN) as taken from section 20 of the Children and Families Act 2014.

A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her. A child of compulsory school age or a young person has a learning difficulty or disability if they;

a) have a significantly greater difficulty in learning than the majority of others of the same age, or

(b) have a disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

A child under compulsory school age has special educational needs if they fall within the definition at (a) or (b) above or would do so if no special educational provision were made.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Section A – Special Educational Needs Provision at Date Palm Primary School

We have high expectations for all our learners and we aim to provide every child with equal opportunities to access a broad and balanced education. This includes the Foundation stage and National Curriculum in line with the Special Needs Code of Practice.

Objectives:

- To work within the SEND Code of Practice, 2014.
- To welcome pupils with SEND and meet their needs in a positive manner so they achieve their best.
- To identify and assess children with SEND as early as possible by gathering information from parents and other agencies.

Building foundations for life

- To provide an inclusive education for all pupils with SEND and use our best endeavours to remove barriers to learning by providing high quality teaching differentiated for individual pupils.
- To identify and address pupils' needs through the graduated approach and the four part process of assess, plan, do, and review; ensuring that there is careful monitoring and assessment of pupils throughout their time at the school.
- -To work with parents to gain a better understanding of their child and involve them in all stages of their child's education.
- -That where possible pupils participate and are involved in the process of information gathering and reviewing progress.
- To ensure funding is allocated to provide high quality provision for those with identified SEND.
- - To ensure that outside agencies are used effectively.
- - To encourage confidence and raise self-esteem by providing a caring and well organised environment so children with SEND can achieve their best.
- - To ensure that SEN is reflected in school policies, schemes of work, planning, monitoring and record keeping.
- - To develop existing skills of all staff in the identification, assessment of and provision for pupils with SEND and to provide training and support as appropriate.

How we aim to meet these objectives:

- Ongoing celebration of diversity and valuing all achievements whether they are social, emotional, cognitive or physical.
- Ensuring clubs, trips and activities offered to children at Date Palm are available to children with special educational needs. For some pupils 'reasonable adjustments' may need to be made. This is always done in partnership with families and carers.
- Early identification of pupils who need extra help through: ongoing teacher observation and assessment, outcomes from baseline assessments, progress in relation to the Early Years Foundation Stage Profile, National Literacy and Numeracy descriptors, National Curriculum levels and standardised screening and assessment, discussions with parents.
- -We work to ensure that our approach to teaching and learning is of high quality and personalised to meet the individual needs of the majority of children. This is managed through, lesson observations, TA observations and whole school monitoring.
- Ensuring that all staff receive training on the expectations of the most recent Code of Practice and are able to recognise emerging needs and implement a

Building foundations for life

graduated approach to SEND.

- We incorporate the advice provided as a result of assessments, both internal and external, and the strategies described in Education, Health and Care Plans.
- Termly planning and reviewing of Individual Education Plans for all pupils with SEN, involving both parents and pupils as much as possible
- Ensuring that advice from outside agencies is sought and incorporated into APDR.
- -To focus on outcomes not difficulties. Positive reinforcement to encourage pupil's achievements and frequent celebrations of success giving equal status to physical, cognitive, social and emotional achievements enabling all children to feel valued for their efforts
- Monitoring the provision and progress of pupils with Education Health Care Plans (EHCP).
- Ensuring that SEN is featured in the School Development Plan, reflecting the training needs of all staff
- Ensuring that we have high expectations of pupils, set suitable and challenging targets.
- -Listen to and value parents' concerns about their child's development; engaging in positive discussions to ensure the best outcomes for the child.
- -Supporting social, emotional and mental health through social skill support.

Research link

SEN research will be undertaken through internal action research to gain a better insight into the needs of the students at DP and the appropriate intervention.

The SEND code of Practice 2015 will be used as a guideline to the implementation of SEND needs at DP.

Research undertaken by the Education Endowment Foundation will be used to determine the effectiveness of Talk for writing and phonics.

In addition to this Research on the impact of TA support will be implemented to support children with SEN. Blatchford, P., Russell, A., & Webster, R. (2012). *Reassessing the impact of teaching assistants: How research challenges practice and policy*. Oxon, UK: Routledge.

A social constructivist approach will be used to provide a positive social incentive and inclusive educational setting. Social constructivist ideas such as ZPD, peer mentoring, scaffolding, speech and interaction, to support children with SEND.

Building foundations for life

Section B: Arrangements for Full Access to a Broad and Balanced Curriculum

The National Curriculum Inclusion Statement states that teachers should set high expectations for every pupil, whatever their prior attainment. Teachers should use appropriate assessment to set targets which are deliberately ambitious. Potential areas of difficulty should be identified and addressed at the outset. Lessons should be planned to address potential areas of difficulty and to remove barriers to pupil achievement. In many cases, such planning will mean that pupils with SEN and disabilities will be able to study the full national curriculum. (Code of Practice 2015)

- All children are entitled to full and equitable access to the National Curriculum and high quality teaching.
- This links to the school's Inclusion Policy and Date Palm sets out to ensure that: - All efforts are made to overcome individual pupils' barriers to learning
- All classrooms have well planned activities with clear learning intentions, differentiated to enable all pupils to make progress
- Classroom resources are organised in such a way as to enable pupils to develop independence in selecting appropriate materials for a task
- A range of teaching styles are used including auditory, visual and kinaesthetic
- The successes and achievements of all pupils are celebrated through the school's reward system
- All pupils are encouraged and enabled to have full participation in the life of the school and to know their contributions are valued
- A range of different organisational settings are planned to provide class, group, paired and individual work
- When pupils are withdrawn to work in small groups or individually, every effort is made to ensure that they do not miss out on the broad and balanced curriculum to which they are entitled.

Section C:- Early Years Foundation Stage

The Early Years Foundation Stage (EYFS) is the statutory framework for children aged 0 to 5 years. The school has arrangements in place to support EYFS pupils with SEND.

Date Palm Primary School and Nursery ensures all staff who work with young children are alert to emerging difficulties and respond early. In particular, parents know their children best and it is important that all practitioners listen and understand when parents express concerns about their child's development.

At Date Palm we understand the importance of speech and language in Early Years and

Building foundations for life

therefore implement a whole class speech and language therapy that addresses speech concern for all children in Early Years. In addition to these language resources is used throughout the sessions and interaction.

When it is identified that a child may have barriers to learning or additional needs parents / carers will be invited to a consultation meeting with their child's Key Worker and the SEND Co-ordinator to agree a plan of action that will be focused on supporting the child to make progress in the areas of concern. In addition to this Tower Hamlets Early years Inclusion Coordinator will be contacted to carry out observation and planning meeting with parents, key worker and SENCo.

Arrangements for assessing and reviewing children's progress towards outcomes, will be planned at appropriate intervals with the EY inclusion Coordinator. The timescale will depend on the nature of the targets set, but will be around 6 weeks. Children and their parents will have the opportunity to take part in this review. Data analysis and consultation with parents enables us to evaluate the effectiveness of our SEND provision.

Section D:– Identification, Assessment and Response.

1. Identifying needs at Date Palm Primary School.

Please look at the Flow chart for identification and support of SEND at Date Palm Primary School.

Early identification of pupils' needs is the key to unlocking the potential of pupils who may have special educational needs. We adopt a graduated approach to ensure that pupils who do not develop age-appropriate knowledge and skills, or who fall behind their peers, are identified as early as possible.

Four areas of primary need are identified, but it is recognised that many children do not easily fit into one area and/or may change over time.

In attempts to understand the learning needs of pupils, we apply the four broad categories of need as set out in the SEND and Disability Code of Practice:

Communication and interaction need	Cognition and learning needs	Social, emotional and mental health needs	Sensory and/or physical needs
---	-------------------------------------	--	--------------------------------------

<p>Children who experience difficulty with speech, language and communication, which make it difficult for them to make sense of language or to understand how to communicate effectively and appropriately with others.</p>	<p>Children who learn at a slower pace than their peers, or who have difficulties acquiring skills in a specific area such as literacy or numeracy. This includes children with moderate learning difficulties and severe learning difficulties, requiring support in all areas of the curriculum and participation in school life general.</p>	<p>Children's needs may be manifested in different ways, such as becoming withdrawn or displaying challenging behaviour. These may include being disruptive or self-harming. children who have difficulty paying attention or forming attachments with adults also fall into this category.</p>	<p>Children who require special educational provision because they have a disability that prevents them from accessing the educational facilities that are generally available.</p>
--	---	---	---

Some children and young people may have SEND that covers more than one of these. The following needs/factors are NOT considered SEND, but may impact on progress and attainment:

- Disabilities (it is the duty of all schools to make “reasonable adjustments” to their setting to include children with disabilities as described in the Equality Act 2010 – this alone does not constitute SEND).
- Attendance and punctuality.
- Health and welfare.
- EAL (English as an Additional Language).
- Behaviour - no longer a way of describing SEND but a sign that a child has an unmet need.

The SEN Code of Practice (2015) describes adequate progress as:

- Is similar to that of children of the same age who had the same starting point
- Matches or improves on the pupil's previous rate of progress
- Which allows the attainment gap to close between the pupil and children of the same age

2. Assessing needs

If a child does not make adequate progress compared to peers, their starting point or previous attainment this would raise concerns that they had learning difficulties.

Many of the children who join our school have already attended the school early education

Building foundations for life

setting. In some cases, children join the school with their needs already assessed.

If the child is in the early years and it is agreed that through observation, the child will need further support, the school's SENCO will enter into dialogue and discussion with parents/carers and with teachers to create a One page profile (1PP).

The one page profile is completed with the child's teacher, parents, pupil and SENCO, with the support from the Tower Hamlets (TH) Inclusion coordinator.

In the primary years, Date Palm Primary School aims to identify if a child is not making adequate progress as early as possible, using a process of summative and formative assessments. At Date Palm there are whole class formal assessments every term. Each term following formal assessments, the data is analysed and any children flagged not making adequate progress, a meeting is held between the class teacher, Assistant Head and SENCO to discuss and plan forward.

The 'Waves of Intervention' approach will help us to identify the level of support needed for the child:

- Initial Concern (observe and monitor)
- Wave 1 (support through Quality First Teaching)
- Wave 2 (support through time-limited 1:1/small group intervention)
- Wave 3 (personalised plan of support)

Wave 1 support is provided through 'Quality First Teaching' in the first instance. Quality First Teaching forms part of everyday teaching. Children on this wave will be recorded as a 'Monitor' on the SEN profile so that all staff are aware of their needs and strategies to support them in the classroom

If children are not making progress through the Wave 1, children will be moved to Wave 2 and provided a wide range of intervention programmes to support teaching and learning. Children on Wave 2 will be moved to the SEND register for closer monitoring, however a plan will not be devised at this stage, instead the child will receive a pupil passport and individual provision map.

If the child is not progressing following support at Wave 2, the SENCO will consult parents to gain their insight into their child's progress. If after consultation with parents it is decided that a child has underlying needs then he/she will be moved to wave 3 on the SEN register and a targeted support will be planned using the ASSESS, PLAN, DO, REVIEW approach and is discussed with parents, SENCO and child.

Building foundations for life

If a child does not make sufficient progress or has a learning need requiring further intervention, the school will make recommendations to parents to seek the advice and support of external agencies, such as:

- Educational Psychology Service (EPS)
- Tower Hamlets Inclusion coordinator
- Learning and Language Support (LLS)
- Speech and Language Therapy Service
- Autism Outreach Team
- Educational Welfare Team
- Children's Services
- Child and Adolescent Mental Health Service (CAMHS)

3. Graduated Response

High quality teaching, differentiated for individual pupils, is the first step in responding to pupils who have or may have SEN. Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. (Code of Practice 2014.)

The graduated response is a four part cycle of assessment, planning, doing and reviewing which is recorded on the child's Individual Education Plan and provision map. This process will happen termly.

Quality First Teaching

The child's class teacher will take steps to provide differentiated learning opportunities that will aid the pupil's academic progression and enable the teacher to better understand the provision and teaching style that needs to be applied.) Through close monitoring, it can be determined which level of provision the child will need going forward.

Assess

The teacher identifies pupils with learning needs in the class; this involves clearly analysing the pupil's needs using the class teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents. The pupil's views and where relevant, advice from external support services will also be considered. Any parental concerns will be recorded and compared with the school's information and assessment data on how the pupil is progressing.

Plan

Planning will involve consultation between the teacher, SENCO and parents to agree learning objectives and hoped for outcomes. Adjustments, interventions and support that

Building foundations for life

are required will be recorded on the child's Individual Education Plan (IEP) with a clear date for review. Parental involvement may be sought, where appropriate, to reinforce or contribute to progress at home.

All those working with the pupil, including support staff will be informed of their individual needs, the support that is being provided, any particular teaching strategies/approaches that are being employed and the outcomes that are being sought. To track child's long term progress and level intervention he/she will be included on the SEND register by the SENCO.

Do

The class teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to-one teaching away from the main class teacher. They will work closely with teaching assistants to plan and assess the impact of support and interventions and links with classroom teaching. The pupils response to the support can help identify their particular need. The impact on progress, development and or behaviour that is expected will be recorded by class teacher and other staff.

Review

Reviews will be undertaken in line with agreed dates. The review process will evaluate the impact and quality of the support and interventions, what worked well/what did not work well. It will also take account of the views of the pupil and their parents.

The majority of children and young people with SEND will have their needs met within the school – effectively at 'school level'.

This cycle of assess/plan/do/review will continue if the child is deemed by all to be making progress **with** this additional and different intervention and their needs can be met within the school's financial budget. We will continue to identify the child as having special educational needs.

If the child is making and maintaining good progress **without** the additional and different resources and can maintain the targets through Quality First Teaching, he or she be removed from the SEN register. The school will continue to monitor pupils recently removed from the register to ensure good progress is maintained.

Referral for an Education, Health and Care Plan

Where little or no progress is made over a sustained period, or where the child is working at levels substantially below those of their peers an Education, Health and Care plan (EHC) will be requested through the LA. This will be requested with parental consent. A request for an

Building foundations for life

assessment must be supported by evidence of long term and sustained need for support which cannot reasonably be met by the school.

4. Arrangements and responsibilities for coordinating and monitoring the graduated response.

General Monitoring

The SENCO updates information about pupils on SEND register each term through monitoring the APDR paperwork. Class Teachers and SENCO meet to discuss pupils on the Register that they are responsible for.

4a. The Class Teacher

The Class Teacher is responsible and accountable for progress and development of all pupils in their class:

- The teaching and monitoring of all their pupils and identifying and reporting any concerns about SEND to the SENCO/Inclusion Manager
- Planning and delivering differentiated interventions for all pupils with identified SEND. These should be additional to or different from those provided as part of the school's usual differentiated curriculum.
- Reviewing the effectiveness of the intervention in securing progress to inform the next steps in a graduated approach for support.
- To inform parents of concerns and the interventions that are proposed and involving them in any reviews of their child's progress.
- Termly monitoring of progress and target setting to track progress towards planned outcomes through the use of formative and summative assessment.
- Completing SEN documentation in accordance with the SENCO, parents and pupils.
- Collaborating with the SENCO to match classroom provision to the specific needs of the pupil
- As part of the graduated approach to collaborated with outside specialists and work with the advice of the specialists to plan outcomes and provision.
- Planning with teaching assistants and nursery nurses to ensure quality provision for pupils with SEN focussed on outcomes.
- Regularly reviewing the support provided by staff and the impact on the progress of SEND pupils.

4b. Teaching Assistants (TA) and Nursery Nurses

They are responsible for the following:-

- Collecting evidence of progress through observations both formal and informal.

Building foundations for life

- Alerting the class teacher to concerns which have been observed through close working with the pupils.
- Tracking progress towards outcomes set by a class teacher for specific SEN pupils.
- Providing effective feedback to the teacher on interventions.
- Collaborating with the SENCO to match classroom provision to the specific needs of the pupil.
- Contributing to progress reviews.

4c. The SENCO/Inclusion Manager

In line with the recommendations in the SEN Code of Practice 2015, the SENCO will oversee the day- to-day operation of this policy in the following ways:

- -Maintenance and analysis of whole-school SEN register.
- -Identify through provision mapping those in receipt of additional SEN support from the schools and Education Health and Care Plans.
- -Co-ordinating provision for children with special educational needs
- -Liaising with and advising teachers to identify pupil's needs; arranging any in-school specific assessments or monitoring to help identify the barrier to learning.
- -Managing and supporting other classroom staff working with vulnerable learners
- -Overseeing the records on all children with Special Educational Needs
- Liaising with and advising all staff on the graduated approach.
- -Liaising with parents of children with SEN, in conjunction with class teachers, keeping them informed of progress and listening to their views of progress.
- Overseeing and supporting staff in identifying key needs and outcomes to be recorded on APDR.
- –Termly review of progress against expected outcomes as identified on APDR by the class teacher; ensuring learning objectives are revised and reviewed.
- -Contributing to the in-service training of staff
- -Implementing a programme of Annual Review for all pupils with an Education Health Care Plan.
- -To implement a programme of six monthly reviews for Early Year pupils with statements or Education Health Care Plans.
- -Carrying out referral procedures to Tower Hamlets Local Authority to request Education Health and Care Plan when it is suspected, on strong evidence arising from previous intervention that a pupil may have a special educational need which will require significant long term support.
- -Overseeing the smooth running of transition arrangements and transfer of information for Year 6 pupils identified as SEND or vulnerable learners.
- -Working with Early Years staff and Tower Hamlets Early Year support team to

Building foundations for life

ensure successful transition into school/nursery or from other EYs settings for children with identified SEND or disability.

- -Ensuring interventions for SEND pupils are effective and evidence based.
- -Evaluating regularly the impact and effectiveness of additional interventions for SEND pupils.
- -Arranging specific SEND resources.
- Key point of contact with external agencies especially the LA.
- Liaising closely with a range of outside agencies to support SEN/vulnerable learners in consultation with parents.
- -Liaising with the school's SEND Governor, Kiran keeping her informed of current issues regarding provision for vulnerable learners, including those with Special Educational Needs.
- -Working as part of the Senior Leadership team to ensure SEND information is shared with staff and SEN is included in the school development.
- -Reviewing the SEN policy every two years and when legislative changes

4d Assistant Head

The Assistant Head is responsible for the following.

- To identify vulnerable learners who are not on SEND register to ensure they are making adequate progress.
- To monitor the outcomes of additional support for vulnerable learners.
- To work with SENCO to ensure provision maps are kept up to date.
- To ensure that any special arrangements are in place for SEN pupils when taking formal end of KS1 and KS2 tests.

4e. Members of the Senior Management Team

- The day to day management of the SEND Policy
- Allocating and monitoring appropriate resources for SEN
- Ensuring the effective use of the COP (Code of Practice) especially through professional development and appropriate time allocations.
- To ensure that staff are delivering high quality teaching differentiated for individual pupils through the teacher appraisal process using the teaching standards.
- Monitoring teachers' planning and pupil achievement each term and ensuring action points are followed through.
- Reporting to Governors on COP procedures and SEN resourcing

4f. The Governing Body is responsible for:

- Ensuring that the best possible provision is made for all pupils with SEND
- Monitoring the quality of SEND Provision

Building foundations for life

- Ensuring the integration of pupils with SEND in the school community.
- Ensuring that the budget for SEND is allocated appropriately.
- Electing a designated SEND Governor to liaise with the SENCO.
- Defending the school should a complaint be brought to the SEND and Disabilities Tribunal

5. Transitions

Early Years staff make contact with other Early Year providers in the term before the child enters nursery or reception. Home visits are made for exchange of information. Additional visits are made for children with identified SEND.

Close links exist with the secondary schools to which pupils transfer in September each year.

Meetings are held between SENCOs and allocated secondary schools at which SEND documents are discussed and exchanged. Staff from the feeder secondary schools, are invited to attend the annual review and any other relevant meetings held in the summer term.

6. SEND Training

The Senior Management Team and the SENDCO are responsible for providing regular training and learning opportunities for all staff on the subject of SEND and SEND teaching to ensure that pupils with SEND receive High Quality teaching and are able to fulfil their potential.

Staff receive training and information from the SENDCO in the following ways:

- Staff inset and CPD sessions
- Bespoke SEND area for staff on the school SharePoint.
- Weekly briefings and updates from the SENDCO.
- Outreach training at Phoenix School

Section E: Supporting Pupils and Families

The London Borough of Tower Hamlets Local offer can be found on the Tower Hamlets web site: <http://www.localoffertowerhamlets.co.uk>

Building foundations for life

1. Contacts and meetings

Parents and carers are always welcome to the school. At Date Palm Primary School working as a partnership is recognised as an essential element in the successful education of all pupils, in particular for those pupils with special needs; therefore we maintain an open door policy.

There are regular, planned meetings with parents and review progress documented on IEPs. Pupils and parents are both involved in the target setting and review process.

Day to day contact with parents is via email or the schools Dojo. Parents may phone or call to make an appointment to see staff whenever necessary. Written reports are issued at the end of each academic year in July.

For children with an Education Health Care Plans, the annual review is held around the date of issue and a representative from the LEA SEND Team is invited to attend.

Parents/guardians and pupils contribute to all reviews as well as staff from any outside agencies who are involved with the pupil. If parents or staff have additional information or concerns an interim review can be arranged at any time throughout the academic year.

Pupils in Early Years may require family meetings with Portage and the Early Years Inclusion Team these may take place in the EYs setting or at home.

2. Parent and pupil views.

One of the key principles of the 2015 Code of Practice is that it puts children, young people and their families at the heart of the legislation.

At Date Palm parents' opinions and aspirations for their children will be taken seriously. This will be implemented on the One page profile.

In the four part cycle of assess- plan – do - review parents will have an opportunity to be part of the planning process for both short and long term outcomes.

Pupils in key stage 1 and 2 have an opportunity to be part of their own target setting process with their class teacher.

For formal annual reviews pupils contribute their voice in a style and format most suited to their age and aptitude, this is usually gathered through an all about me presentation.

When applying for an EHC plan, part of the formal application is for families to outline their short and long term aspirations for their child. The SENCO will discuss this process with

Building foundations for life

them before an application is completed and support can be arranged if required.

SENCO will collect samples of SEN children's opinions through 1:1 meetings with a sample of children and questionnaires.

Section F: Supporting Pupils with Medical Conditions or a Disability

Date Palm recognises that children with medical conditions should be properly supported so they have full access to education, including school trips and physical education.

Some children may also have SEN and may have a statement or Education Health Care Plan which brings together health and social care needs, as well as their special education needs provision; Date Palm follows the 2014 SEN Code of Practice for these children.

1. Links with Support Services for SEND and disabilities.

Parental consent is always sought before the school requests involvement of any outside agency.

- Children with an, EHC plans receive speech and language input as described on their statement or EHC plan.
- Early Year pupils access S&L therapy through the NHS clinics.
- Portage and Early Years Inclusion Service is available on request.

The school also works closely with NHS Physiotherapy Therapy Service, the Occupational Therapy Service; Early Years support advisors; Social Services; Private Educational Psychologists.

2. Monitoring, Evaluation and Review

The school will review this policy annually and assess its implementation and effectiveness. The policy will be promoted and implemented throughout the school.
